

AS OF 19 March 2025

Freedom Dragon (\$FRDM) Whitepaper

1. Introduction

Freedom Dragon (\$FRDM) is a community-driven meme token inspired by the extraordinary story of astronauts Suni and Butch, who were stranded aboard the International Space Station (ISS) for an extended amount of time. As they prepare for their long-awaited return on March 18, 2025, \$FRDM aims to capture the spirit of perseverance, exploration, and freedom.

This token is a movement fueled by space enthusiasts, crypto degens, and believers in the power of community-driven success.

2. Vision & Mission

Vision:

To create a viral, community-powered Solana meme token that embodies resilience and the spirit of adventure!

Mission:

- **Launch at the right moment**: \$FRDM will be deployed on Pump.fun when the two astronauts safely splash down back on Mother Earth.
- **Engage and grow the community**: Through creative marketing, daily engagement, and strategic partnerships (Coming Soon).
- **Sustain long-term success**: By leveraging hype-driven momentum and exploring additional use cases that enhance community value.

3. Tokenomics

- **Fair Launch**: No presale, no team allocation.
- **Liquidity**: Community-driven liquidity through Pump.fun and Dex trading.
- **Utility**: Primarily meme-driven with future potential for NFTs, staking, or community incentives.

4. Roadmap

Phase 1: Ignition (March 2025)

- Token launch on Pump.fun during astronaut splashdown.
- Viral Twitter (X) and Telegram marketing campaign.
- Community engagement through memes, contests, and airdrops.
- Increase social media follower:
 - Target for X (Twitter) - 200+ followers.
 - Target for Telegram - 200 + (Achieved)

Phase 2: Ascent (April - May 2025)

- Migration to Raydium for enhanced liquidity.
- Growing awareness via influencers and partnerships.
- Security and anti-rug transparency efforts (Through live spaces).
- Meme contests and Telegram engagement events (Ongoing).

Phase 3: Orbit (June - July 2025)

- Exploration of potential exchange listings.
- NFT integration or staking mechanics (based on demand).

Phase 4: Moon Mission (August - September 2025)

- Long-term sustainability discussions.
- Major collaborations with crypto projects or influencers.
- Evaluation of roadmap extension based on community demand.
- Revise roadmap if/when needed.

5. Community & Governance

\$FRDM is a fully community-driven project. Major decisions regarding tokenomics, listings, and potential utilities will be influenced by active community discussions on Telegram and Twitter (X).

6. Risk Disclosure

As with any cryptocurrency, \$FRDM is highly volatile and speculative. There are no guarantees regarding price appreciation or long-term success. Users should do their own research and never invest more than they can afford to lose.

7. Conclusion

Freedom Dragon (\$FRDM) is more than just a meme coin—it's a tribute to real-world heroes and a symbol of determination. The success of this token will be fueled by the strength and creativity of its community. As we prepare for launch, join us in making \$FRDM the next legendary meme token on Solana!
